

## VIRTUAL SUMMER 2020 – WEEK 2 NEWSLETTER (6/22 – 6/26)

Collinsville Upward Bound Math & Science had a successful first week of programming! Having classes taught online is a new experience for most of us. However, despite the few technical difficulties we encountered, we still came out on top and are prepared to have an even **BETTER** second week of our awesome **STEM Summer Pre-Collegiate Academy!**

Check your email – and **be sure to complete your end of week survey today!!!**

### STEM WORKSHOP WEDNESDAY

Making slime is a popular pastime for many! There is a ton of science in slime making! However, do you know the chemistry behind it? This week we will uncover how different substances (especially molecules and their atoms) interact, combine, and change to form new substances.
